

June 9, 2020

Dear Alumni and Friends:

The Cincinnati Foundation for Mortuary Education (*CFME*), Cincinnati College of Mortuary Science (*CCMS*), and Board of Trustees extends our appreciation for past support and asks for your ongoing commitment to support the future of death care through foundation membership and tax-deductible contributions!

CCMS extends our appreciation and respect to all death care professionals and even more so during this global pandemic for their adaptability. We say “*kudos!*” as you continue to successfully navigate mandated concessions and create new innovative approaches to client family service.

Death care professionals are without question imperative to the essential frontline during this unprecedented time. CCMS understands the profound impact on not only practitioners, but also educators and students. For the first time in history, the college transitioned to online distance learning platforms aimed to keep students on course for timely graduation. To say this has been a challenging transition would be an understatement.

Again, we pay respect and say “*kudos!*” to our instructors, students, and administrators for exceeding all expectations to deliver a seamless, successful transition. The college plans to resume seated classes when it is safe and advisable to do so under Ohio order.

Transforming Death Care Education

CCMS continues to set standards in the changing needs of education. Our *Educational Cremation Center* campaign initiative kicked off in 2017 with a \$1.5MIL fundraising goal for groundbreaking in 2020. As soon as the economy of Ohio is open, we will continue planning and design with a goal of breaking ground next spring/summer (2021).

ECC Groundbreaking Forecast

CCMS is embracing this “hiccup” as an opportunity to continue fundraising efforts and reach our goal! Take a peek at the impressive list of amazing supporters backing the ECC initiative through financial contribution in the [CCMS Spring 2020 Newsletter](#).

ECC Fundraising Goal \$1,000,000

The ECC will deliver advanced hands-on training in crematory operations management thanks to partnerships with Facultatieve Technologies (FT-USA), ICCFA, Lemasters Consulting, and G.H. Forbes architect Scott Goodsell. The ECC will deliver:

- World’s most advanced cremation & dustless processing systems
- Advanced hands-on crematory operations management training
- Family Viewing Suite with slumber bed & Educational Amphitheater
- Expanded Pet Loss & Green Burial curriculum
- Alkaline Hydrolysis

Ways to Support CCMS

We invite you to help us as we reach our goal and construct the first Ever hands-on Educational Cremation Center a reality in death care!

➤ **Support the ECC and Future of Death Care Today!**

Your company logo and link will appear on our website

- Include a tax-deductible donation today using the enclosed Contribution & Foundation Membership form, or
- Donate online at www.ccms.edu/ecc
- Pledge future financial support or learn more about the ECC

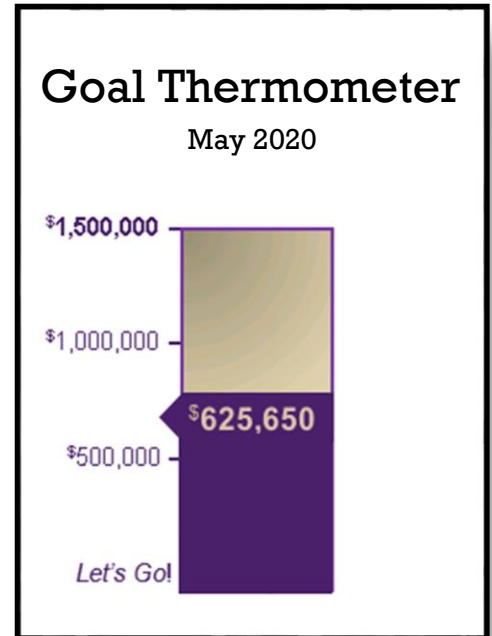

Email us: ecc@ccms.edu

Call us: (513) 618-1923
